

„Saboom“ – Porn 2.0 puts an end to boring adult movies

"Saboom – interactive porn" is the new erotic revolution and ushers a new era of porn 2.0 in the crisis-ridden adult entertainment industry.

The porn industry is desperately struggling for survival and this is not least due to the many illegal Filesharing Providers, 1 Click Hosting Services and the countless Erotic Tube Websites. To fight this downtrend, spectacular innovations are needed.

That's why the erotic brand entertainment provider Joyfactor presents "Saboom - interactive porn" and rises in times of crisis like the phoenix from the ashes!

Saboom is interactive and enables its users a brand new erotic experience. At last users have the chance to enjoy their personal erotic experiences with just a few clicks, they can make decisions und fulfill their erotic fantasies. Saboom presents special shows, which represent the framework for the new erotic experiences. Passive Entertainment is once and for all done, because the user becomes an active creator of his own interactive Saboom Erotic Videos Shows.

At Saboom the users come first. The users can not only enjoy special Saboom shows, but also a great community, in which they can exchange their experiences. The users can post their ideas for future shows at any time and have an strong impact on Saboom and their own experiences by that.

Christoph Pass, CEO and innovator of Saboom: "We want to realize our customers dreams and present them a active experience. After more than 12 years of classic Adult Video Entertainment with content which is made of the visions of a few producers, we are very proud to lift the experiences of our users with this interactive shows of saboom to a whole new level.
